

After years in Boston and New York, she appeared in the Broadway musical "The Girl from the South Sea" at the age of 70, to her remaining years in the Fordham for Aged Actresses, on Long Island, New York. Miss Eyre's health is badly impaired, and she decided to pass the rest of her life in retirement.

BROADWAY COR. 4TH. LOS ANGELES. ARTHUR LITTS

250 EXTRA SALESPERSONS
Have Been Engaged
We have strengthened every facility in
the way of cashiers, bundle wrappers
and salespeople, to handle the great
crowds that will attend this sale. Be
one of the early ones to attend the
event. You'll find it worth your while.
Remember, doors open at 8:30.

FIRE SALVAGE SALE
\$75,000.00 Receiving Room Fire Salvage
TOGETHER WITH
\$51,500 Worth Smoke and Water Damaged Goods from Reserved Stocks in the Van Nuys Bldg.
TWO GREAT FIRE SALES IN ONE
Bigger, Broader, More Startling Than Our Recent Smoke and Water Damage Sale
Consisting of \$75,000 worth of wash goods, domestics, linens, white goods, hosiery and under-
wear, towels, piece goods, soaps, notions, books, in fact, nearly every kind of merchandise, and
this, added to the \$51,500 stock of the Van Nuys building, that is merely water damaged, presents
a list of merchandise to be sacrificed at prices that are less than you ever dreamed of paying.
We Believe Without a Question It's to be the
Most Colossal Salvage Sale in the Annals
of Los Angeles Merchandising
Be here promptly when the doors open this morning. Look for the Fire Salvage Signs. Wherever you see one
it means a Fire Salvage Sale—and there are hundreds and hundreds of them throughout the store. We are
assembling a great quantity of our damaged merchandise on the Third Floor, in the Main Building and in
the Annex; also on Bargain Centers on the Main Floor and the Second Floor.
Don't let anything keep you away from this event. Come expecting the greatest values you ever saw
in your life.
Sale Starts Promptly at 8:30, 250 Extra Salespeople Employed
It's impossible for us to tell you of all the good bargains that await you. Think of buying Fairy Soap for 1c bar.
Great quantities of Domestics, Wash Goods and
White Goods, consisting of Bleached and Brown Mus-
lin, Gingham, Percales, Galateas, etc., formerly sold
up to 35c, at 2c yard.
Just imagine, Towels that formerly sold up to 10c—
the edges burned—1c.
Again, Babbitt's Best and Western Star Soap at
2c bar, on the Fourth Floor.
Black Taffeta Silk, 36 inches wide, \$1.19 yard, fire
damaged, 25c yard.
50c and 65c damaged Dress Goods to sell at 17½c
a yard.
6c Black and Colored Linings to sell at 2½c.
\$1.25 Solid Gold Beauty Pins 50c.
\$1.98 to \$3.98 Envelope Purse at \$1.00.
Just look! Women's \$3 and \$3.50 Shoes; they are
just slightly damaged by water, some of them only
slightly, reduced to \$1.50.
Again, 500 pairs Men's Oxfords and Shoes, that
are worth \$3 and \$3.50, to sell at \$1.50.
\$2.50 Canvas Cots for \$1.50.
\$5.00 Iron Beds for \$2.75.
—And so on throughout the whole store. Ridicu-
lous prices everywhere.

\$51,500 Stock in the Van Nuys Building
Divided as Follows:
In round numbers, the stocks represented there include—
Stock of Shoes \$21,500
Domestics, White Goods, Linens \$2,200
Soaps and Washing Powders \$3,000
Woodenware, Refrigerators, Enamelware
Hardware, Stoves, Trunks, Bags, Go-Carts, House
Furnishings, Glassware, and a Few Toys \$22,600
Beds and Cots \$2,200
In addition to this great stock, you know, the Receiving Room contained
merchandise from nearly every part of the house, being incoming goods for
the Fall and Holiday trade. Some of this later merchandise was badly
burned, but the Van Nuys Salvage is water soaked only.
All Fire, Smoke or Water Damaged
Goods Sold "As Is"
The prices we have made are ridiculous, and there will be no exchanges. Merchandise
is sold "as is" at the prices.
The sale will continue until all this merchandise is sold. Watch for new
features daily.

Big Bargain Centers
have been built
on third and main
floors for the ac-
commodation of
great crowds.

CRIME BRIEFS.
Chinese Hanged for Murder.
MACLEOD (Alberta) Jan. 5.—Mah Hong, a Chinese, was hanged today by Radcliffe, Canada's official
hangingman. The Chinaman went to the
gallows with the customary racial
solemnity. Mah Hong shot his partner,
Mah Hong, in his laundry, here. The
latter had collected money for the
firm and lost it gambling. Mah Hong
did not resist arrest, simply remarking
to the police "me shoot him; him no
good."
Merchant Given Sentence.
NEW YORK, Jan. 5.—For his part
in the dispatching of the steamer
Goldborough to Honduras last spring
with \$80,000 worth of goods sold to
have been obtained under false pre-
textes, Albert W. Bailey, formerly
secretary-treasurer of the defunct Ex-
port Shipping Company of this city,
today was sentenced to State's Prison
for not less than four years and six
months, or more than six years and
eight months.
FAMOUS WOMAN DEAD.
Miss B. Maria Dougherty, leader of
Irish Land League, Passes Away
in Hospital.
BY DIRECT WIRE TO THE TIMES.
[Exclusive Dispatch.] In the death of
Miss B. Maria Dougherty, which oc-
curred this morning in St. Vincent's
Hospital, Worcester lost one of its most
famous women. Twenty-five years ago
she was known throughout America
and in England and Ireland as one of
the foremost of the Irish Land League
leaders. Miss Dougherty was a close
friend of Rev. Thomas J. Conaty, now
Bishop of Los Angeles, whom she in-
terested in the Land League move-
ment. She arranged Worcester's wel-
come to Parnell, an event in the city's
history. She was personally ac-
quainted with the Irish envoys and
entertained them. Her nearest relative
is a sister, Mary Dougherty, who lives
in Los Angeles and will be unmarried.

VIOLATES PAROLE.
Young Man Faces Years in Prison on
Account of Small Worthless
Check.
J. C. Quinten, a handsome, well-
dressed and educated young man, who
has twice been placed on probation
through the influence of his family,
was arrested last night on the charge
of passing a fictitious check. With
ten years now hanging over him,
Quinten is likely to pay a severe pen-
alty for his latest slip of the pen.
According to the complaint, which
was made against him, Quinten gave
a fictitious check to the Earl V. Lewis
Co., a photograph supply house, in
payment for a pocket kodak. When
the check was sent to the bank it was
returned and marked "no funds." Mr.
Lewis turned it over to the police and
swore to a complaint. Quinten says
that he has considerable money at his
command and intends to fight the
case.
Quinten was arrested on December
8, 1908, after he had entered the cloth-
ing store of Hyman Kaufman, No. 149
North Main street, and at the point
of a revolver compelled him to cash
a worthless check for \$28. When
Quinten went into the store and pre-
sented his check Kaufman refused to
cash it because he did not know him.
It was then that Quinten drew his re-
volver and demanded the amount of
the check.
After he was placed on probation for
this offense, another complaint was
issued against him for passing a fic-
titious check. When the case came to
trial it was found that the check had
been passed before he obtained the
\$20 from Kaufman. He admitted giv-
ing the check and his term of proba-
tion was extended to ten years.
Quinten's mother lives in Pasadena,
and it is understood that he has in-
fluential relatives here and in San Fran-
cisco. The detective says that he has
violated the terms of his parole and
every effort will be made to have him
sentenced to San Quentin.

SHERIFF IS SUICIDE.
With a Bible in One Hand Robert
Shirley Blows Out His
Brains.
[BY DIRECT WIRE TO THE TIMES.]
FALLON (Nev.) Jan. 5.—[Exclusive
Dispatch.] With a Bible in one hand
Robert Shirley, Sheriff of Churchill
county, yesterday set himself on a pile
of lumber near the Fallon railroad sta-
tion and blew off the top of his head
with a revolver. Melancholia brought
on, it is said, by the fact that he was
accused of being short \$800 in his ac-
counts, prompted the rash act. Deputy
Sheriff W. Blair brought the news of
the suicide to Reno. A wife and twelve
children are today bowed in grief over
the act of the husband and father.
They say there was absolutely no rea-
son for his self-taking off and are bit-
ter in their condemnation of the peo-
ple who accused him of peculation.
Shirley was re-elected Sheriff in No-
vember, but he found that his friends
had gone back on him and is said to
have been refused bonds by them. Just
before 11 o'clock yesterday morning
Shirley was seen to make his way to a
lumber pile near the depot. Before he
reached there he removed his shoes
and carried them in his hand, a Bible
beneath his arm, seating himself on
the lumber, before any one could in-
terfere, the Sheriff drew a revolver
and aiming it at his temple pulled the

BOXING. BUM FIGHTER APES HYLAND

Poses as Fighting Dick Be- for Southerners.

Old-timers Expose Fraud and Fakes Skips.

Manager McCarey Arranges Preliminaries.

NEW ORLEANS, Jan. 5.—[Exclusive Dispatch.] Banking on the name and reputation of Fighting Dick Hyland, an imitation landed in New Orleans last Sunday and paraded himself about making engagements and putting up tales of what he would like to do here and is now on his way to Little Rock, Ark., where he will fight Tommy Mottaw as the genuine Hyland, whereas the real thing is in Los Angeles training for his fight with Paddy McFarland.

The local boxers have been considerably stirred up by the Hyland faker. Had the bogus Hyland not rushed into print and had his picture reproduced it is likely that no one would have thought about him. But that was his fatal mistake. For instantly Young Corbett, Al Lippe, Herman Moss, Terry Martin, Dave Barry, B. Mackey and other pugilists in the city saw the face was not of the man they knew as Hyland and exposed him.

The real Dick Hyland is training hard at the Eastlake Athletic Club for his fight with McFarland. He hit the road in the morning and after the gymnasium he exercised and gymnastics, including up with four rounds of boxing with Danny Webster, who has been retained as sparring partner, and two rounds with Hyland's brother, Jack.

McFarland has things whirling at his quarters, and there is activity during the entire hour when he appears at the South Side Club arena. He was yesterday for Maurice Ray, and boxed three rounds with Clarence Moore, who will be added to the Chicago fight card.

Two preliminaries were arranged for each of six rounds. Ray Moore will be able to see McFarland and Young Corbett, who will endeavor to win between them more. Solomons will have a contest before full in keeping the dusky fighter at a distance.

Roy Moore will get into condition at the Howard Baker. He will come to town the day of the go with Hyland, and he will be taken place last night, and he will keep right on with his work at the pavilion.

On Jan. 10, a semi-wind-up is yet to be made up. Fred Corbett is anxious to go on and it may be possible that they will be matched for this go. Danny Webster has sprung up again, and is willing to take on Young Turner at 122 pounds for a \$2000 fight.

Turner says he would rather go on in an easier preliminary fight than in a harder one with the first time until he gets acclimated, and then take on the better boys. He has a pretty good record with the prelim boys. Media secured a draw with Frank Kutch in six rounds. He also beat Dalton in ten rounds. He was around San Francisco, before he came to Los Angeles.

Manager McCarey is seriously considering the acceptance of an offer to assume control of the Jeffries Athletic Club. He has been offered a proposition to secure a majority of the stock, or he may buy the property of the club outright.

Jim Jeffries may yet be identified with the club if it is turned over to him. It is believed that the big fellow has had enough and will retire from the club. He has an offer of a week's appearance on an offer returned stage at \$2000, and it is expected that the San Francisco promoter will accept. Some profess to believe that the ring manager hopes to make a stake by a brief appearance of the big fellow while he is under duress.

ANOTHER SCARE. SAN FRANCISCO, Jan. 5.—[Exclusive Dispatch.] Jim Coffroth, who admitted he is considering an offer to undertake the management of the Jeffries fight club in Los Angeles, but says there is nothing definite about it. "Either I will have to build a roof over my present pavilion," he said, "or I will take an interest in the Jeffries club. In present conditions that is not going to keep me busy. The Jeffries club came last Sunday from Boston, asking me to buy the club. I paid no attention to that and then came a proposition for

FLIGHTY. SOULES WOULD RACE HAMLIN.

Covets Coast Auto Record Held by Franklin.

Barney Oldfield May Enter Salon Business.

Cocoy and Bride Would Fly in Big Balloon.

Charles Soules, who drove the winning Stearns in the twenty-five mile race at Ascot Park, fifty-mile track race, Soules wants to drive against Hamlin for the fifty-mile automobile circular track record.

P. C. Fender announced last night that he will back Soules for \$1000 in either here or in San Diego. Fender prefers a private test. He says Franklin is anxious to race the speedy Soules.

In such an event, Soules plans to use the fast six-cylinder Stearns, which was driven in the race at Ascot. This car is one of the speediest in America for the shorter distances. Whether it could hold its title against the Franklin in a half-century race remains to be proved.

In the three-mile test against Barney Oldfield, Soules showed his ability as a driver. There are many who believe he could have won from Oldfield if he had been given a fair start. He was able to drive just less than a hood length in fast time.

Ralph Hamlin, one of the best road drivers in Southern California, in "six" as no one can handle the Franklin. Soules would have an opponent who would force him to drive to the limit every foot of the race.

NEW GREYHOUND. The Franklin "Greyhound," which made a ten-mile record at Ascot Park, was recently sold to a man without a car. He expects that that car will be exhibited at the track and would not be available for a month.

That Hamlin has been many "backers" in such a race is evidenced by the staunch supporters of the race. It is certain that a twenty-four hour race in the lead of all in the last mile was 2 hours 45 minutes, or only 2 minutes and 45 seconds under the world record.

Ralph Hamlin broke the coast fifty-mile record at Ascot Park, Jan. 3, 1923, by driving the half-century race in 57 minutes and 30 seconds. This is the world record. The following is a list of the 100-mile race from the lead of all in the last mile was 2 hours 45 minutes, or only 2 minutes and 45 seconds under the world record.

Langford and Hart. SAN FRANCISCO, Jan. 5.—[Exclusive Dispatch.] Fight promoter Charles Langford tonight wrote an offer to a twenty-round fight in San Francisco, January 25. Langford is a favorable match in the made if the latter holds a decision over Johnson secured in San Francisco, the card is considered a good one.

Williams Beats Donovan. NEW YORK, Jan. 5.—[Exclusive Dispatch.] Kid Williams of Philadelphia outpointed Jim Donovan of New York in their six-round bout at Billy Goat stadium tonight. The contest was fast and exciting throughout, and both boys were exceptionally well matched. Williams was a trifle superior in the end and he ended the fight better of the go.

Lewis Defeats Mansfield. PHILADELPHIA, Jan. 5.—[Exclusive Dispatch.] Harry Lewis of England and Harry Mansfield of England fought a six-round bout at the winner. Lewis was the victor in all the way, punching his opponent when and where he pleased. Mansfield stopped enough blows to satisfy a half-dozen men.

COUNTRY CLUB GOLF. Redlands Team to Play Fifteen Men of the Los Angeles Club Saturday Afternoon.

A golf team of fifteen men from the Redlands Country Club are to play a team of the Los Angeles Country Club Saturday afternoon. The Redlands players are: Raymond Harold Palmer, J. W. Wilson, C. F. E. Severance, J. O. Riddell, H. M. Palmer, M. Cornish, R. L. Reor, George A. Mansfield, W. L. Reor, and the Los Angeles team is: J. N. W. Butler, No. 4, J. A. Feing, No. 2, William E. Mar, No. 3, J. St. L. Bradford, No. 10, S. F. H. Braly, No. 12, J. Coffin, No. 12, A. H. E. O. Robinson, No. 12, Albert Crut-

CLARK LAUGHS AT THE STORY. HIGHER CLASS FOR COASTERS.

National Commission Raises League Standing.

Par With Association and Eastern League.

Black Sheep Re-enter Fold in Reinstatement.

It has been suspected that Clark has been the man behind the gun with the Gleason and Berger clubs in this city, but he has denied it all along, and has never shown the slightest interest in either organization.

Today the commission in conjunction with the National Association, decided to accede to the requests of the Eastern League and the American Association in all but one particular, that third party to the national agreement be given representation on the National Commission.

The Eastern League and the American Association gained the privilege of being put into a class higher than Class A, to be termed Double A. The Pacific Coast League also is raised to this class.

It was agreed that these leagues be allowed to govern their internal affairs, although still a member of the National Association; that they be allowed to draft from Class A under certain conditions laid down by the National Commission, and that they be decided upon by the commission tomorrow.

REINSTATEMENTS. The National Commission today reinstated James B. Sebring, ineligible for four years because of his association with the Tri-State League, on the National Commission of the funds of the Cincinnati National League Club. He is also to be paid the amount due him as a player, being approximately \$2000. This payment is to be made through an agreement with the player, the club disposing of his services, and the club securing his services.

Joseph Ward, also ineligible because of his tri-state connection, was reinstated today. He is required to pay a fine of \$200. Ward was formerly with the Philadelphia National League Club, having violated his contract two years ago.

Jerry Freeman, Walter Johnson, B. K. Koebe, and Jesse Tannehill, all members of the Washington American League team, charged with violating the National League's contract, were reinstated today. The National League's contract, last fall, was violated on condition that they pay \$50 each. Blankenship, who has been on the ineligible list for having failed to League Club for the Washington American League team, was also reinstated. The purchase price of the Cincinnati National League team of Catcher Frank Roth, who was reported today.

DOS ROBLES HANDICAP. Angelus Finally Runs Spanking Good Race and Wins the Feature in Fast Time.

Hildreth's good horse Angelus finally rounded to form, yesterday, and took the Dos Robles Handicap at one mile in the good time of 1:37.3. Carmen's weighted Green Seal was second and the light-colored, carrying top weight of 113 pounds, was last, being beaten by Tony Bonero.

The race was as hot as contest between jockeys as horses. Archibald had taken the lead and placed to mount and won the better.

St. Harlow won the fifth race at the mile and a sixteenth with King of the Mist second and Alma Dufour third. In the third race at six furlongs Waterbury beat the good Colquhoun in slow time. The other races were of little class.

YESTERDAY'S RESULTS. Six furlongs: Sir Alonzo, 103 (Archibald); won; Homecrest, 105 (Howard); second; M. Durcho, 102 (McGee); third; time 1:21.5. Star Thistle also ran.

Three furlongs: Flying Squirrel, 114 (Schilling); won; Helma, 8 (Howard); second; Intrinick, 106 (Harris); third; time 1:23.5. El Tovar, Molondale, Tom Lynch and Regina Arvi also ran.

One mile: Sepulveda and Virgie Ciss also ran. Six furlongs: Waterbury, 105 (Archibald); won; Colquhoun, 107 (Schilling); second; Rialto, 107 (McGee); third; time 1:22.5. Sibora, Bat Masterson, Critch, Maltbie, Giovanni and Balero also ran.

The Dos Robles Handicap, one mile: Angelus, 102 (Schilling); won; Maga Seal, 95 (Page); second; Alma Dufour, 99 (Page); third; time 1:37.3. Adoration, Lord Stanhope, Whiskers, Joe Coyne, Netting, Whildon, Bucket Brigade and Knight of Ivanhoe also ran. Varieties and Merlino scratched.

Six and one-half furlongs: Arragon, 110 (Smith); won; Virlando, 102 (Archibald); second; Diamond Nose, 107 (Power); third; time 1:20. Dr. Wols, Evadap, Fenimore, Joseph K. Shasta Max, Skylark and The Hammer also ran.

Brook Calls It Off. NEW ORLEANS, Jan. 5.—It is announced that the reason that the return match between Young Corbett and Phil Brock has been into court, is because Brock cannot get into court. As a substitute for this bout Corbett and Harry Ferns will meet January 14.

Another New Record. JOHANNESBURG, Jan. 5.—R. E. Walker, the South African runner, established a new amateur record here today. He ran 120 yards in 12.2 seconds.

Wise Talks by the "Office Boy"

If you would gather berries you must not plant cabbages; if you would raise chickens, you must not put duck eggs in your hen's nest; and if you would make money, you must not make a fool of yourself.

These are the words of a "wise" office boy, who, in a recent issue of the "Office Boy" column, has given a series of "wise" sayings, which, if taken seriously, would make a man a millionaire.

These sayings are: "If you would make money, you must not make a fool of yourself." "If you would make money, you must not make a fool of yourself." "If you would make money, you must not make a fool of yourself."

These sayings are: "If you would make money, you must not make a fool of yourself." "If you would make money, you must not make a fool of yourself." "If you would make money, you must not make a fool of yourself."

These sayings are: "If you would make money, you must not make a fool of yourself." "If you would make money, you must not make a fool of yourself." "If you would make money, you must not make a fool of yourself."

These sayings are: "If you would make money, you must not make a fool of yourself." "If you would make money, you must not make a fool of yourself." "If you would make money, you must not make a fool of yourself."

These sayings are: "If you would make money, you must not make a fool of yourself." "If you would make money, you must not make a fool of yourself." "If you would make money, you must not make a fool of yourself."

These sayings are: "If you would make money, you must not make a fool of yourself." "If you would make money, you must not make a fool of yourself." "If you would make money, you must not make a fool of yourself."

These sayings are: "If you would make money, you must not make a fool of yourself." "If you would make money, you must not make a fool of yourself." "If you would make money, you must not make a fool of yourself."

These sayings are: "If you would make money, you must not make a fool of yourself." "If you would make money, you must not make a fool of yourself." "If you would make money, you must not make a fool of yourself."

These sayings are: "If you would make money, you must not make a fool of yourself." "If you would make money, you must not make a fool of yourself." "If you would make money, you must not make a fool of yourself."

These sayings are: "If you would make money, you must not make a fool of yourself." "If you would make money, you must not make a fool of yourself." "If you would make money, you must not make a fool of yourself."

These sayings are: "If you would make money, you must not make a fool of yourself." "If you would make money, you must not make a fool of yourself." "If you would make money, you must not make a fool of yourself."

These sayings are: "If you would make money, you must not make a fool of yourself." "If you would make money, you must not make a fool of yourself." "If you would make money, you must not make a fool of yourself."

These sayings are: "If you would make money, you must not make a fool of yourself." "If you would make money, you must not make a fool of yourself." "If you would make money, you must not make a fool of yourself."

These sayings are: "If you would make money, you must not make a fool of yourself." "If you would make money, you must not make a fool of yourself." "If you would make money, you must not make a fool of yourself."

These sayings are: "If you would make money, you must not make a fool of yourself." "If you would make money, you must not make a fool of yourself." "If you would make money, you must not make a fool of yourself."

These sayings are: "If you would make money, you must not make a fool of yourself." "If you would make money, you must not make a fool of yourself." "If you would make money, you must not make a fool of yourself."

These sayings are: "If you would make money, you must not make a fool of yourself." "If you would make money, you must not make a fool of yourself." "If you would make money, you must not make a fool of yourself."

These sayings are: "If you would make money, you must not make a fool of yourself." "If you would make money, you must not make a fool of yourself." "If you would make money, you must not make a fool of yourself."

These sayings are: "If you would make money, you must not make a fool of yourself." "If you would make money, you must not make a fool of yourself." "If you would make money, you must not make a fool of yourself."

These sayings are: "If you would make money, you must not make a fool of yourself." "If you would make money, you must not make a fool of yourself." "If you would make money, you must not make a fool of yourself."

These sayings are: "If you would make money, you must not make a fool of yourself." "If you would make money, you must not make a fool of yourself." "If you would make money, you must not make a fool of yourself."

These sayings are: "If you would make money, you must not make a fool of yourself." "If you would make money, you must not make a fool of yourself." "If you would make money, you must not make a fool of yourself."

These sayings are: "If you would make money, you must not make a fool of yourself." "If you would make money, you must not make a fool of yourself." "If you would make money, you must not make a fool of yourself."

Don't Blame Your Stomach

When Without Exertion or Cost You Can Enjoy Meats and Cures

Don't blame your stomach or your system. When your stomach won't do its work it is because it cannot.

When food smells and comes from your stomach, when the head aches and the sourness of mouth every morning, when you have your breakfast, when you don't give up the fight.

This is the appeal of nature, and it should be heard.

Over-eating, late suppers, poorly digested food, too rich pastries and unwholesome cooking are some of the causes of the stomach's ill health.

When the stomach is busy it processes food and the liquid matter from food and with its juices dissolves into liquid food or pulp everything which comes into it.

If such food is poisonous it effects the blood, attacks the stomach, goes into the blood and weakens the entire system.

Stuart's Dyspepsia Tablets will digest a full meal easily without material assistance from the stomach. They will restore the gastric fluid, they will break down the food, they will break down the food, they will break down the food.

The method of Stuart's Dyspepsia Tablets are the methods of Nature. They contain every requisite for the stomach and digestion. After a meal one of these little tablets when it enters the stomach mingles with the juices, attacks the food and digests it. It removes the fermented and decayed mass, lying stagnant there and eases the stomach at once.

It is wholly a question for you to solve. Your druggist will furnish Stuart's Dyspepsia Tablets in the box, or send us your name and address and we will send you a trial package free.

Address: F. A. Stuart Co., 150 Stuart Bldg., Marshall, Mich.

Another 1000 Added to the List Wednesday "It's Good-by to All 1928 Goods"

Here's a chance, Mr. Man, that YOU can't afford to miss. Think of it! Costs you only \$10 to wear one of these fine suits or overcoats. You never bought overcoats you ever owned. Choice of patterns and colorings will be practically unlimited Wednesday.

The Suits Are Made of Fine Worsteds, Cheviots and Tweeds

Plenty of popular greens. Nobby tans and browns. Broad shoulders, hand-finished and always retain their shape. Unbreakable front, serge lining. Silk and linen sewed throughout.

The Overcoats Are Made of Fine All Wool Cheviots and Gravenetted Cloths

Just as you choose. Pretty good time now to own a cravenette. They're rainproof. Satin lined. Sizes range from 35 to 42.

LEGISLATURE MAY PUT STOP TO FIGHT GAME.

[BY DIRECT WIRE TO THE TIMES.] SAN FRANCISCO, Jan. 5.—[Exclusive Dispatch.] The legislature may put a stop to the fight game in California, if it passes a bill which has been introduced in the assembly.

The bill, which is known as the "Fight Game Bill," was introduced by Assemblyman J. H. Brown. It provides that no person shall engage in the fight game, or in any other game, for the purpose of making a profit.

The bill also provides that any person who engages in the fight game, or in any other game, for the purpose of making a profit, shall be fined not more than \$1000, or imprisoned not more than six months, or both.

The bill is expected to pass the assembly, and it is hoped that it will also pass the senate. If it does, it will be a significant step towards the eradication of the fight game in California.

The fight game has long been a source of trouble and expense in California. It has led to the corruption of public officials, and it has caused the loss of many lives and limbs.

The legislature has taken many steps to eradicate the fight game, and it is hoped that this bill will be the final step. It is a step that is long overdue, and it is a step that is well-deserved.

The legislature has taken many steps to eradicate the fight game, and it is hoped that this bill will be the final step. It is a step that is long overdue, and it is a step that is well-deserved.

for the Senators. It happened that

[illegible]

The image shows the inner binding of a book, with the pages fanned out. The text on the pages is mostly illegible due to the high contrast and the angle of the pages. Some faint, mirrored text is visible on the left side of the gutter, appearing as bleed-through from the reverse side. The right side of the image shows the dark, possibly leather or cloth, binding of the book.

FINANCIAL
DAILY CITRUS REPORT
OF EASTERN MARKET.

NEW YORK, Jan. 1.—(Exclusive Wire to the Times.)

HIS PET PUP BETRAYS HIM.
Slayer of Deputy Constable Found by Dog.
Sheriff Gets Drop With Gun, Fugitive Surrenders.
Prisoner Tells of Desperate Duel to Death.

Driven from cover by his own dog, "Arizona Jack" Allen, who shot and killed Deputy Constable Charles A. De Moraville at Newhall Monday night, was captured by Sheriff William H. Hammel with the assistance of Deputy Sheriff Martin Aguirre, about 7 o'clock last night, at the old Kellogg ranch, two miles from the scene of the shooting.

When Sheriff Hammel pulled a bead on Allen with his rifle, and commanded him to throw up his hands, as he slunk into the shadows, the "bad man" raised his arms and walked quickly toward the Sheriff until he was ordered to stop. Deputy Sheriff Aguirre snapped the handcuffs on him and Sheriff Hammel disarmed the fugitive. Allen was placed in the Sheriff's automobile and brought to the County Jail. A warrant charging him with murder in the first degree will be served today.

After a thorough search of the country, Sheriff Hammel drove back about dark in his machine to the old barn

FOUND AT LAST, POSSIBLY DYING.
TWO DAYS' HUNT IN HILLS FOR MAN IN HOSPITAL.

After Santa Monica Officers and Citizens Lose Hope, Pioneer is Discovered at County Institution. Hit by Car Near Benkert Station and Desperately Injured.

While officers and citizens have scoured the hills and valleys near Santa Monica for two days in search of Robert C. Dodson, he has been in a ward of the County Hospital, desperately injured.

Yesterday the searchers practically gave up hope, thinking the old man had perished from hunger and exposure to the cold. He had been found by a dog, which had been seen by a boy who had seen him, and not the slightest clue to his whereabouts could be obtained.

Last night it was learned that he had been in the County Hospital for two days and nights, under the name of Robert Thompson.

Dodson, who is 78 years old, wandered from his home in Irwin Heights, Santa Monica, on Sunday afternoon. He started toward the foothills, and that was the last that was seen of him.

Sunday evening a Venice car ran down the old man near Benkert station. He was walking between the tracks and was too deaf to hear the warning gong. He was put on an ambulance and taken to the Receiving Hospital. His left leg had been broken and he had sustained internal injuries which will probably result in his death.

Before lapsing into unconsciousness Dodson tried to give his name to the men who had charge of him. They caught Robert, but the last name was spoken in such a low voice that it was written down as Thompson. Under that name he was booked when transferred to the County Hospital.

Dodson is one of the pioneers of Southern California and was a member of the Los Angeles police force for seventeen years. Twenty-five years ago he was the proprietor of an adobe structure at the corner of Spring and Court streets.

"Arizona Jack" Allen,
slayer of Deputy Constable De Moraville at Newhall, captured last night after his own dog found him for the Sheriff.

on the Kellogg ranch and commenced a search. He sent the dog which Allen had raised from a puppy, into the barn several times before he heard the animal bark. It had found its master under some sacks. When Allen heard the voices of the men outside, he knew the place was being surrounded. He made a desperate effort to get out, but Sheriff Hammel caught him with a drawn revolver and, running low, made a dash in the darkness for some willows along the bank of the creek.

ROUNDING HIM UP.
In the chase after Allen, Sheriff Hammel covered almost 50 miles in his automobile and cut off the fugitive's escape on two occasions. Arriving him back to the Kellogg ranch, where he was finally taken into custody.

After Allen was taken to the County Jail he talked freely about his movements and declares that he thought De Moraville was one of the men who had attempted to hold him up about half an hour before the shooting occurred. In his version of the shooting he says that De Moraville approached him with a drawn revolver and ordered him to hold up his hands without saying he was an officer.

De Moraville fired three shots at him, Allen says, before he could draw his revolver. This statement is borne out by the fact that the dead man's gun contained three shells, which had been recently exploded. Allen's coat was punctured by one of the bullets, the missile having struck him where it passed across his back.

Allen admitted that he had been drinking Monday afternoon, and had a row in a saloon with the constable. After leaving the saloon he started for the Kellogg ranch, where he had worked during the summer. He thought of the Kellogg ranch as a ranch hand. On his way to the ranch, Allen says, he met four footpads, who attempted to overpower him and rob him. He lost his revolver in the struggle and his watch chain was broken when one of the men grabbed for it. He lost his revolver in the scuffle, but regained it again, and fired several shots at the fleeing footpads.

FATAL DUEL.
In the meantime, De Moraville was called to the saloon where the row occurred, but found that Allen had disappeared. He started to look for him, when he heard the shots, and ran in their direction. On the railroad track he met Allen, who had turned back and was following the robbers. De Moraville ordered him to stop, and Allen, who was armed with a revolver, fired at him. The bullet struck De Moraville's wrist, passed up his arm and entered under his armpit, penetrating the right lung and lodging in his heart. De Moraville fell just outside the rails.

Allen went to the Kellogg ranch directly after the shooting, and told the foreman what had occurred. He then went out to the barn, after drinking a cup of coffee, and went to sleep. As soon as he awoke he started for Kellogg's house, which is about half a mile from the old ranch-house. He told Kellogg that he had killed a man

REJOICING IN RICH SECTION.
Survey Plots of Imperial in Register's Hands.
Additional Activity Made Possible in Valley.

The receipts of plats of the new survey of Imperial Valley at the Land Office yesterday will result in additional activity in that rich section of Southern California and make possible much development.

Nine plats are now here, and more are on the way. Those received will be formally filed until February 22, in accordance with the provisions of the land law. But on and after that date, the register will be prepared to receive applications for entry in the following townships: 13 south, 13 east; 13 south, 15 east; 13 south, 16 east; 13 south, 17 east; 13 south, 18 east; 13 south, 19 east; 13 south, 20 east; 13 south, 21 east; 13 south, 22 east; 13 south, 23 east; 13 south, 24 east; 13 south, 25 east; 13 south, 26 east; 13 south, 27 east; 13 south, 28 east; 13 south, 29 east; THE PUBLIC SERVICE.

MAYOR LOOKS INTO FUTURE.

Greater Los Angeles Needs Anticipated.

Message Is Bristling With Wise Suggestions.

Handles Municipal Problems Optimistically.

These are the important things Mayor Harper would have done at once:

Removal of interurban traffic and switching from Main street to relieve congestion.

Building of subways under the grade of steam tracks for public safety—at the railroad's expense.

Naming of a permanent commission to fix rates for all public utilities.

Imposing of water tax on vacant land to help extensions of the water mains of the city system and lift a part of the burden from rate payers.

Increase of the police force by the addition of 100 men.

Building of a new City Jail and Police Station, free public baths and comfort stations.

Building, equipping and manning of six new engine-houses.

Purchase of thirty-five acres to add to Eastlake Park, and the buying of park sites in the Sixth and Seventh wards, in anticipation of the increase in population and consequent congestion in those sections of the city.

Mayor Harper's message, which was read before the Council yesterday, was optimistic in tone, and was listened to with interest.

At the conclusion of the reading, Councilman Drongold moved that the document be referred to the Committee of the Whole, which will discuss its recommendations. The motion was carried.

In his complete message, the Mayor says:

LOS ANGELES, Cal., Jan. 4, 1920. To the Honorable, The City Council.

Gentlemen: In complying with a charter provision which requires the Mayor to read annually a message to the Council, I am glad to have the opportunity to present to you a summary of the work of the city during the past year.

Review of work done during the past year. I am glad to have the opportunity to present to you a summary of the work of the city during the past year.

SUMMARY OF THE DAY.

The Council yesterday confirmed Edward Kern as a member of the Board of Public Works, and he qualified and took the oath of office.

The Police Commission has chosen Capt. Thomas Broadhead as acting Chief of Police, vice Kern.

Chairman Nellis of the Board of Supervisors, yesterday, appointed standing committees.

Two Mexican horse thieves declared they desire no lawyers to defend them, that they are guilty, and want to go to the penitentiary as soon as possible.

Attorney William J. Danford made a general denial of the charges against him, preferred by a committee representing the Bar Association.

Features of construction are the ones to which the activities are to be mainly confined.

With these facts in mind, there is no reason to doubt the city's ability to complete its great task in the time promised in the original plan.

Not in the least is there any reason to believe that the estimate of cost originally made, will be exceeded.

By the way, the fact that financial arrangements have been made for the disposal of the property, is a very important feature of the plan.

It is recommended that the construction work on the property be started at once.

It is recommended that the construction work on the property be started at once.

OFFICIALS CLASH.

COUNCIL PACES MORE JOBS.

City Auditor Musket had a strenuous time at the Council yesterday. Not only was his garbage report arousing, but he made another sensation when he opposed an ordinance making it legal to close the office of the Treasurer at 1 o'clock.

He said that the hour the other city offices close. Mr. Musket said it was an inconvenience to the public to have the only financial office of the city closed, and that many persons came to his office offering money after the Treasurer's office closed, as it has been doing.

Then I will see that the Auditor's office is kept open until he strikes a balance," said the Auditor. "Or he can just as well make his balances the next day."

Healy suggested creating another job, but stood alone.

He said that if he would not do, as the law required daily balances. He said he was really fearful that harm would visit the treasury if he had to remain alone in the building with hundreds of thousands of dollars in an open safe, because of late closing hours.

That is not true," said Hancock, not to be outdone. He declared he had seen the line.

The Council decided it was best to postpone the matter until the next day.

admonished the Treasurer that this did not mean that his bond clerk should quit at that hour.

Mr. Musket also renewed his request for the creation of the office of license inspector. He wants this inspector to be a police officer, and who will see that the police perform their duty in making license inspections.

The Council seemed to understand that this would open a way to give James Craig, present assistant chief of police, a position, and an order was given the City Auditor to hurry.

The Police Commission has fixed next Tuesday as the time for a conference with the Board of Public Works to discuss the proposed aqueduct classification and the particular question as to whether the position of assistant chief engineer, now held by J. B. Lippincott, will be expanded or the incumbent required to resign.

THE OIL INDUSTRY. KAMA VISTA GETS WATER.

Producing Well Suddenly
Takes Freak Turn.
Evolution as to Whether
Sand Is Flooded.

West Side District Has Water Famine.

The Kama Vista, on the southwest corner of the southeast quarter 1-12-24, owned by Bakersfield parties, which shot over the derrick for two hours or more, and then suddenly ceased. This caused much speculation, and many expressed the opinion that the sand will become waterlogged and the derrick will be completely saturated.

They are inclined to think that it is purely a mechanical one, and that if the water broke in the casing, the sand at the bottom, it can all be pumped out.

The Kama Vista is a new well which was pumped about two months, and has been producing 15 to 20 barrels of oil a day. It was the accident occurred. An oil pump is used, and this may be the cause of the trouble.

It is a well-known fact that the oil industry is suffering from a shortage of water, and a part of the district is paralyzed. Fully equipped rigs, some of which were being used for the purpose of producing oil, are not being used for this reason. The shortage of water is a serious problem, and the need for water is being felt in the oil fields.

The Kama Vista is a new well which was pumped about two months, and has been producing 15 to 20 barrels of oil a day. It was the accident occurred. An oil pump is used, and this may be the cause of the trouble.

LOCAL MONEY BUILDS MILL.

Angelenos to Have Costly
Cyanide Plant.

Late Reports of Strikes in
Pioneer Property.

Mexican Zinc Producers Are
Fighting Duty.

The California Queen Gold Mines Company awarded the contract recently for a 150-ton dry crushing and cyanide mill, with steel tanks and gasoline power, to E. Riveroll & Co. for \$44,888. Work is to be begun at once and the plant will be completed within four months.

The company, which is composed of Los Angeles men, owns nine claims in the Pico district, Imperial Valley, twenty miles from Yuma. D. W. Fields is president, Bradner W. Lee, vice-president; Albert J. Smith, general manager, and Frank K. Rule, secretary. José M. Mendivil, an old-time mining man, was one of the discoverers and is a stockholder.

During the last few years the company has been steadily developing. Some ore has been taken out, but the work has been mostly confined to blocking out ore. This will average 10 to 15 tons of free milling ore, and enormous quantities are said to be in sight. The properties adjoin those of the Pico Basin Gold Mines Company, have the same ore bodies and are a good low-grade proposition, according to mining men who have looked into the matter.

Men are at work now in a forty-five-foot seam, which appears to be permanent and promises to be better at greater depth. On the West Central there are three shafts of 50, 100 and 200 feet, and seven open cuts. Drifts will be run into the ore bodies at the 200-foot level.

MILL NEARLY READY.
The Pico Basin Gold Mines Company, which has twenty-two claims, will soon have ready for use its new mill. The former one was on the river and of 100-ton capacity. The new one has a capacity of only 500 tons, but is equipped with modern machinery. It will start in February. The company is down 500 feet, with thousands of feet of underground workings and large bodies of free-milling ore, averaging 10 to 15 tons of free milling ore, and enormous quantities are said to be in sight. The properties adjoin those of the Pico Basin Gold Mines Company, have the same ore bodies and are a good low-grade proposition, according to mining men who have looked into the matter.

Further reports of the big gold strike in the Pioneer mine, north of Beatty and Rhyolite, have been brought in by E. W. Gillett, traffic manager of the Los Vegas and Tonopah Railroad, who arrived at the Hayward yesterday. He stated that quantities of ore had been found there, which run into thousands of dollars to the ton. The ordinary lodes, he added, are running about 120. The mine is owned by the Tobin brothers of Denver, but E. Bryan has a lease on the property.

In Durango.
Capt. C. H. Thompson, manager of the Boca del Cobre mines in Durango, Mex., says that the property is being worked at the fifth level and that the incline shaft will be completed by March 1. From the last shipment to the Torreon smelter the returns were \$106,251, Mexican money, or \$52,675.50 in American money.

The independent smelter at Torreon is running its ten furnaces all the time. Capitalization was recently increased by 3,000,000 pesos. The manager has been in use. Experiments with oil fuel have been made, but apparently with little success.

The Torreon establishment is owned by Mexican capitalists, who have received it in said, several offers of purchase from the "trust," but have refused them.

Fight Over Zinc Duty.
J. D. McKenzie, a zinc producer of Chihuahua, Mex., who is visiting in this city, says that the operators of Mexico hope for a prompt decision by the United States District Court on appeals on the matter of import duties on their product. For several years they have been paying 20 per cent. ad valorem, under protest. They have obtained two decisions in their favor, but because of appeals the question may yet go to the Supreme Court. There is a duty imposed upon zinc, as such, but by a constructive law by the customs authorities, it is taxed under another classification, and this the Mexican producers are fighting.

Mr. McKenzie is of the opinion that a duty will be imposed at this session of Congress, probably of 5-4 of a cent per pound. Should it be levied, it is high, some of the ore may find a market in Europe.

Mr. McKenzie says that it is supposed in Chihuahua that the deal for the purchase of the Santa Eulalia and Chihuahua Mining companies' properties, and the merging of them with the San Toy, initiated by Charles Schwab more than a year ago, is still under consideration. It is also commonly reported in Chihuahua that the steel king is entirely out of the concern and that Donald B. Gillis, who was associated with him from the start, is in control, together with Mr. Campbell, an eastern capitalist.

Mining Men Here.
William DeLancy Granville of Goldfield, Ariz.; Caleb Dorsey, formerly of Louisville, Ky., but now a resident of Mexico; Richard Darlington of Quartzite, Ariz.; T. R. Woodbridge of the Taylor & Burton Ore Sampling Co. of Salt Lake City; J. L. Hosfield of the Copper River and John H. Tate of Goldfield, Nev., are among the prominent mining men now in this city.

BROUGHT HERE FOR BURIAL.
The funeral of Charles P. Repulveda, who died Saturday at Ventura, was conducted at 2 o'clock this afternoon at No. 819 Summit avenue. There will be services at the Plaza Church at 10 o'clock tomorrow. He leaves a widow and two children.

YELLOW FEVER AMONG YAGUIS.
MEXICO CITY, Jan. 5.—(Exclusive Dispatch.) Yellow fever has broken out among the Yaqui Indian exiles in the State of Yucatan and is causing many deaths. The disease is almost epidemic in the city of Merida.

Mr. McKenzie is of the opinion that a duty will be imposed at this session of Congress, probably of 5-4 of a cent per pound. Should it be levied, it is high, some of the ore may find a market in Europe.

Mr. McKenzie says that it is supposed in Chihuahua that the deal for the purchase of the Santa Eulalia and Chihuahua Mining companies' properties, and the merging of them with the San Toy, initiated by Charles Schwab more than a year ago, is still under consideration. It is also commonly reported in Chihuahua that the steel king is entirely out of the concern and that Donald B. Gillis, who was associated with him from the start, is in control, together with Mr. Campbell, an eastern capitalist.

Mining Men Here.
William DeLancy Granville of Goldfield, Ariz.; Caleb Dorsey, formerly of Louisville, Ky., but now a resident of Mexico; Richard Darlington of Quartzite, Ariz.; T. R. Woodbridge of the Taylor & Burton Ore Sampling Co. of Salt Lake City; J. L. Hosfield of the Copper River and John H. Tate of Goldfield, Nev., are among the prominent mining men now in this city.

BROUGHT HERE FOR BURIAL.
The funeral of Charles P. Repulveda, who died Saturday at Ventura, was conducted at 2 o'clock this afternoon at No. 819 Summit avenue. There will be services at the Plaza Church at 10 o'clock tomorrow. He leaves a widow and two children.

YELLOW FEVER AMONG YAGUIS.
MEXICO CITY, Jan. 5.—(Exclusive Dispatch.) Yellow fever has broken out among the Yaqui Indian exiles in the State of Yucatan and is causing many deaths. The disease is almost epidemic in the city of Merida.

Growing Children and Students

Should be encouraged to drink a cup of hot cocoa every morning. While most nourishing it is easily digested and deliciously palatable.

We carry all the leading brands, as well as several varieties, that are most popular in the East and are not generally found in this market. In Half-pound tins, 25c to 50c. Cocoa shells, 3 pounds for 25c.

For the school children's luncheon MILK CHOCOLATE is most wholesome. In packages, 10c, 25c and 35c each, according to weight.

LOCAL RAILROAD RECORD.

WHOLE SYSTEM BY TELEPHONE.

SANTA FE TO START ON WEST COAST DIVISION.
Complete installation will take years, but work will be commenced on various sections, and trains operated at first by telegraph and telephone combined.

The telephone is to supersede the telegraph over the entire Santa Fe system, and installation on a section of each grand division is now in progress. According to General Manager Wells several years will be required to extend it all over the complete system, but this is to be gradually done. The particular section on the West Coast where the plan is to be first tried out has not been definitely determined, but as soon as a decision is reached the installation will be made, and a section of 100 miles on either the valley or Los Angeles division will be using telephones within the next few months.

It is in use on many eastern lines and on certain divisions of the Santa Fe, where it has been demonstrated as reliable and safe as any means of communication, and where installed on the Santa Fe will supersede the telegraph entirely in dispatching trains. Trains will be equipped with the necessary instruments to cut in at any desired point and all blind sidings, meeting places, switches, etc., will be arranged, for communication with stations. The adoption of the telephone means a large saving to the railroad, inasmuch as it will not be necessary to have agents who are telegraphers where the telephone stations are placed.

The work is not to be rushed in equipping the entire system, but each grand division will have a section with the telephone and stations where facilities for connection with the various points en route are located, and from time to time these experimental sections will be enlarged until the entire service from Chicago to the Pacific Coast will be by telephone.

Railroad Notes.
George S. Atterbury, general agent of the Elgin, Joliet & Eastern Railway, with his wife, is spending a few days in the city.

P. H. Post of the Transcontinental Passenger Association has returned to the city from Seattle.

General Superintendent H. V. Platt of the Southern division of the Southern Pacific, will leave today for Tucson.

President Harris of the Burlington, after a few days in the city, has returned to Pasadena.

A. N. Leand, for thirty years with the Southern Pacific in various capacities, and located at Duarte, is lying critically ill in this city as the result of a paralytic stroke.

WILLING TO PAY HIGHER TAXES.
DESIRE AMOUNT IN CITIES OF SIXTH CLASS RAISED.
CORONA, Jan. 5.—The Board of Trade considered last evening matters of more than local interest.
The raising of the maximum amount of taxation in cities of the sixth class from 75 cents to \$1 per \$100 was discussed. A resolution covering this matter is to be drawn up by T. C. Janssen, William Corbitt and E. P. Kildner, and committee to forward the resolution to Senator Estudillo and Assemblyman Collier from this district.
Another subject to be brought before the Legislature is the establishment of State almshouses and will urge Legislature to move in matter—Call Buys Lemon Groves.

UPLAND SCHOOLHOUSE RIGHT UP TO DATE.
UPLAND, Jan. 5.—The new grammar school was used for the first time yesterday. It cost almost \$25,000. Architect A. C. Smith of Los Angeles drew the plans, and the building was constructed by William Bros. of Upland. The building is 18x18 feet. The foundation, up to ground level, is of concrete, with extra wide footing. Basement walls above the concrete are of cobblestone, laid in black mortar, and the joints are tied pointed. The main story is of brick, with facings of blue brick black mortar in joints, and latter looked out.
The building is provided with many large doorways, the basement having eleven. On the main floor there are three large entrances, the front one being ten feet wide, while both those at the rear are six feet in width, thus giving a combined space of over sixty feet for exit room. Both front and rear steps are constructed of cement. The front hall is twenty feet wide, while side halls are twelve feet. Four separate wide stairways lead to the basement.
The center of the building is an assembly hall, fifty-two feet square, and thirty-two feet high. The various classrooms are grouped about the center, forming one of the best and most modern schoolhouses in Southern California.

Upland's New Grammar School.
Thirty-five thousand-dollar building, which was used for the first time day before yesterday.
UPLAND, Jan. 5.—The new grammar school was used for the first time yesterday. It cost almost \$25,000. Architect A. C. Smith of Los Angeles drew the plans, and the building was constructed by William Bros. of Upland. The building is 18x18 feet. The foundation, up to ground level, is of concrete, with extra wide footing. Basement walls above the concrete are of cobblestone, laid in black mortar, and the joints are tied pointed. The main story is of brick, with facings of blue brick black mortar in joints, and latter looked out.
The building is provided with many large doorways, the basement having eleven. On the main floor there are three large entrances, the front one being ten feet wide, while both those at the rear are six feet in width, thus giving a combined space of over sixty feet for exit room. Both front and rear steps are constructed of cement. The front hall is twenty feet wide, while side halls are twelve feet. Four separate wide stairways lead to the basement.
The center of the building is an assembly hall, fifty-two feet square, and thirty-two feet high. The various classrooms are grouped about the center, forming one of the best and most modern schoolhouses in Southern California.

RUDELY AWAKENED.
Minor Roused from Slumber in Haystack at Riverside and Accused of Being Highwayman.
RIVERSIDE, Jan. 5.—The police believe they have in Percy Baker the man who held up and robbed Owen Hawkins near Highgrove early Sunday morning. Baker was roused out of his slumbers in a haystack on the property of A. W. Brown on Blaine street last night by Policeman Gray and was brought to the Police Station. Baker refuses to say much, but Hawkins is practically certain that he is the one who waylaid him.
The man stated that his occupation is that of a miner, and he carried a gun on the Western Federation of Miners. He told the police that he has done but one day's work since Thanksgiving. He has been all over the Western States, and came to Riverside from Redlands, Saturday.
ELABORATE CEREMONY.
The most elaborately appointed wedding of the new year was that of Miss Alice Grace Goss and John William Horton, which took place at the First Methodist Church last evening. Rev. Robert S. Fisher officiating. The bride wore a gown of white crepe de chine. Her veil was caught in her hair with orange blossoms and her bouquet was white carnations and ferns. She was attended by her sister, Fikation Goss, as maid of honor, groomed in pink silk and carried an arm bouquet of pink carnations. Charles Dimmick acted as best man. The ushers were Clarence Sieber, Walter Woodman, Guy Horton, George Horton, Ray Lambert and Roy Gamble. The wedding music was played by Miss Lottie Bloom, and preceding the ceremony a vocal solo was sung by Frank Woodman. A reception followed at the home of the bride's mother, Mrs. Rosina Goss, at No. 1455 West Eleventh street. Mr. and Mrs. Horton will make their home in Sacramento, where the groom has been engaged in civil engineering since the completion of his course at the University of California.
ELECTED CHAIRMAN.
John Shaver of San Jacinto, the oldest member of the Supervisors, in point of service, was elected permanent chairman of the board yesterday. The board, under the leadership of Mr. Shaver, the recently-elected member representing the Third District, took his seat, succeeding Harry Bantz. Supervisors Holmes and Hammer were appointed on the Hospital Committee, and Supervisors Holmes, Kimbell and Carlton were named on the Finance Committee.
MASS OF CONCRETE.
The contract for what will be the first uniform monolithic concrete building in Riverside, and the only one in Southern California outside of Los Angeles, was let yesterday by E. M. Wheeler to R. L. Taylor of Los Angeles. The building will be an apartment-house to be erected on the corner of Walnut and Sixth streets at a cost of \$40,000. Instead of being constructed of concrete blocks, the walls will be a single solid mass of concrete.

VINOL CURES CHRONIC COUGHS, COLDS AND BRONCHITIS
After Other Remedies Fail
"I have been troubled with a chronic cold and bronchitis for a long time and have tried many remedies without finding relief. Through the kind suggestion of a friend I tried Vinol, and after taking four bottles, am entirely cured." A. H. Wilde, 733-5th Avenue, Minneapolis, Minn.
St. Paul, Minn., writes: "I contracted a severe cold last winter and thought I would never get rid of it. I tried Vinol as a last resort, and it has completely cured me."
Vinol combines two world-famed tonics, the healing, medicinal properties of cod liver oil and tonic iron, deliciously palatable and agreeable to the weakest stomach. For this reason, Vinol is unexcelled as a strength-builder for old people, delicate children, weak and run-down persons, after sickness and for Chronic Coughs, Colds and Bronchitis.

VINOL is sold in Los Angeles by THE OWL DRUG CO.

COAT CLEARS UP MYSTERY.
Leads to Discovery That Missing Riverside Boy Was Killed.
RIVERSIDE, Jan. 5.—[Exclusive Dispatch.] The 14-year-old boy who was run over and killed by the Southern Pacific Overland Sunday morning at Rimmon, a little station near Indio, was identified tonight by Frank A. Allen of Arlington as his son, Frank Elmer Allen, who ran away from his home on High street ten days ago.
The boy was killed by the eastbound Overland that passed through Colton at 10:30 Sunday morning. The engineer noticed what appeared to be an old coat between the rails, and brought the train to a stop as quickly as possible. The pilot struck the body, however, and dragged it several car lengths. Death came instantly, as the boy's head was directly over the rail.
Young Allen left home shortly after Christmas, and his father, who is a carpenter at Arlington, believed he had gone to Los Gatos.
